

Barkarby

Urban Infill

MASTERPLAN

LOCATION: Järfälla, Stockholm, Sweden

CLIENT: Stockholm City Council

TYPE: Masterplanning

STATUS: Stage Complete

DATE: 2003

Arken designed this major urban in-fill area in the north of Stockholm in the form of a traditional town with connected streets and high quality public squares. The form of the town was woven into the landscape of the area, and was integrated into the Stockholm Public Transport system.
